### At the Helm – December 2010

What a great 2010 boating season! The number of quality boating days was phenomenal. Warm weather and autumn colors made for some excellent excursions over the last few months on the water. Glacier Lakes had another banner year with wonderful shows, interesting events, and good times.

In this edition of at the Waterline, you will find a variety of stories and information about recent Chapter events. The Pewaukee show had an excellent turnout despite some challenges that were presented by mother-nature during the setup. These inconveniences were quickly forgotten due to the pleasant weather on the day of the show and the record breaking crowd. The show is chronicled on page 7. In October, we had the GLACBS Annual Banquet in Lake Mills. Carp's Landing provided a good venue for members to get together and discuss the past year and plan for the future (see page 4). Other related events (ACBS International Show, Mecum Auction, etc.) supplied more opportunities for classic boating enthusiasts to get their fix. Having events throughout the year (not just during the boating season) are crucial to continue the Chapter's growth.

The Chapter will have two events coming up in January. This should keep our organization's enthusiasm going until the first hints of spring. On January 6th we will be hosting a winter meeting at the Delafield Brewhaus in Delafield. This get together will focus on the ACBS International Meeting being held in Lake Geneva next year. Larry Larkin will be speaking about the event and how Chapter members can get involved (see page 3). Towards the end of January (21st thru the 30th), the GLACBS will again have a booth at the Milwaukee Boat Show. This will be an opportunity to get more individuals interested in classic boating and show off our treasures. We need volunteers to staff the booth and exhibit their boats (see page 24). Hope you can participate in all (or at least some) of these great activities.

This year marked the Chapter's 7th year of operating as an organization. We are thriving and continue to grow our membership. Thanks to all for really stepping forward in these efforts to make the GLACBS a first class organization.

The holiday season is now upon us. I hope you all have time to reflect on the great year we had as a chapter and spend some quality time with your family and friends.

Have a happy holiday season!

# Pewaukee Boat Show 2010

## Over 6,000 visitors to the Pewaukee lakefront

**PIER STRATEGY** Before we talk about the Pewaukee show, let's go back to last year, right after the 2009 show. **Don Schwister** had commented to **Howard Schneider** that there had to be a better way to haul the piers out of storage, load them on trailers, put them in the lake, load them back on the trailers after the show, take them back to storage after unloading them off the trailers. **Howard** agreed and remarked that it took a lot of manpower and said, "we aren't getting any younger." In the off season, **Don Schwister** found two old trailers that he bought, made road worthy and then modified them to be used as permanent rolling storage vehicles. In previous years, the chapter had to find trailers and then a crew had to load up the trailers then take the load to the lake front. Previously, twenty-four 6ft sections had to be hand carried in and out of the lake, not to mention the loading, and unloading onto the trailers. After the show, everything was done in reverse. This spring, three foot pier sections were bolted together, making each section eighteen feet in length. Those involved including **Don** and **Howard**, **Cal Kaufman**, **Karl Johns**, **Rob Ritter**, and **Wil Vidal**. **Don Schwister** then called his friends at **Dawes Crane** and asked them to volunteer their equipment and a crane operator to off load the 18ft sections from the trailers and put them in the lake. On Sunday morning, **Dawes** showed up and reversed the procedure. It was pretty impressive. Thanks to **Don** and **Howard** for taking the pier setup and takedown to a new level. Once again, a special thank you to **Summerset Marine** for providing two barges and the staff to set them up and take them out on Monday morning. They were also responsible in helping to install and take down the guy wires that held the boats to the piers.

**FIFTY PLUS MILE AN HOUR WINDS** tried to put a damper on Boat Show on Friday night. The weather forecasters predicted that high winds were on the way. They showed up, taking out the Glacier Lakes tent. **Peter Harken** showed up during the gale and ran over to save the tent while many of us watched the winds take their toll. Everyone joined him to rescue the tent from further damage. The piers also took a pounding, but they pretty much survived the winds from the west. **John Baumann** provided a tent that saved the day on Saturday.

**WORLD'S LARGEST ICE BOAT MAKES APPEARANCE.** **Mary Schwister** was able to get **Rick Hennig** of Racine to bring the worlds largest ice boat The "Deuce" back to Pewaukee Lake. It was a real crowd pleaser and media magnet proving to be the "hook" in **Mary's** words to attract media attention. The boat show program book has detailed information on the homecoming of the "Deuce" after so many years. This ice boat was owned back in the 50's by **Bill Perrigo**. Also special thanks to **Bob Stoltz** and **Peter Harken** for helping to bring The "Deuce" back to Pewaukee to make this happen along with **Mary Schwister**.

### **NEW GRAPHIC SIGNAGE**

When **John Constable** and **Mary Schwister** met with **Peter**

## CONTINUED FROM PAGE 6

**Harken** this past summer about getting the “Deuce” for the Pewaukee show, the subject of signage came up. **Peter Harken** said he was willing to have some new graphic signage made for the show. **John Constable** then worked with **John Schiefelbein** from **Harken**. The new signage looked great. Thank you to **Peter Harken**.

*The 6th Annual Pewaukee Lake Boat, Car and Art Show* provided another great event for the entire family. Where does one start? Five thousand to six thousand people came to the show. There were probably even more. Let's start with the pre-publicity. As last year, **Mary Schwister** took on the added task of personally contacting all the area newspapers and various web site providers throughout the area and state like The Department of Tourism. **John Constable** of **Constable Laughlin**, a highly respected advertising & marketing firm in the midwest, got **Matthew Waller** of the agency to once again help make TV contacts for an interview with **Gus Gnorski**. On Thursday morning, August 18, Glacier Lakes was featured on four segments on Channel 6's “**Gus Tour**”. **Gus Gnorski** of Channel 6 interviewed **Peter Harken**(Gold Cup Racer), **David Buckley**(1935 GarWood), **Jay Seeboth**(The Deuce), **Dan Krause**(1935 Packard), **Vern Kamholtz**(1937 Buick), **John Flynn**(The Wheelmen), **Larry Bigsby**(Boy Scouts), **Abby Lorenz**(PAAC), and **William Suys**(PAAC artist). The media theme for this event was promoted as “Something for Everyone” Thank you to **Matt Waller**.

**PROGRAM BOOK SALES**-A special thank you to those helping with Program book sales. They included: **Jay Wagner**, **John Constable**, and **Abby Lorenz**. Those Glacier Lakes members purchasing ads were: **Bob Stoltz**, **John Baumann**, **Abby Lorenz**(committee member), **Tom Sellhausen**, **Rob Ritter**, **Mark Willis**, **Mary Willis**, **Jeff Niedziela** and **Tim Fredman**. Profits from the Program Book sales went to help pay for the piers.

**VOLUNTEER ROSTER**-Thanks to **Kathy Malle'** and **Wendy Simms** for coordinating the volunteer effort for the various assignments.

**PIER & GROUNDS SET-UP**-On Friday morning, **Howard Schneider**, **Don Schwister**, **Gary Rechcygl**, **Karl Johns**, **Bob Stoltz**, **Rob Ritter**, **John Constable**, and **David Doyle** showed up at the lake front to start installing the piers and the tent. The piers had been loaded on the trailers the night before.

**CLASSIC BOATING PHOTO SHOOT**-Thanks to **Bob Stoltz** for getting **Brian Henke's** pontoon ready for action and thanks to **Todd Schultz** for being ready to run the pontoon. **Wayne Yankala** was ready to work the coordination from the pier and the **Wangards** on the pontoon. Unfortunately, the shoot was called off due to questionable and cloudy weather early in the morning.

**SATURDAY AUGUST 21- SHOWTIME**-Officially, forty-seven classic and antique boats were registered along with eighteen vintage vehicles. **Jay Wagner** along with **Jeff** and **Linda**

Worlds largest Iceboat. LR Mary Schwister, Peter Harken, Jay Seeboth, Gus Gnorski of Channel 6 and David Perrigo

**Allen, Brian Allen, Tom Sellhausen, Rick Malle', John Baas, and Kevin Maltby** helped with launching, trailer parking, and mooring plus taking them the boats out after the show. Those helping to moor the boats included **Bob Stoltz, Jack Schneiberg, Wayne Yankala, Gary Rechcygl, and Brian Allen.**

**SHIPS STORE/REGISTRATIONS/PROGRAM BOOK/VOLUNTEERS-Cal Kaufman and Denny and Sandy Brucks** showed up early Saturday morning to help set up the PA system and continued to help during early morning registrations. **Jack Schneiberg, Mary Vidal, Donna Schneider, Dawn Lotz, Sue Schroeder** worked on registrations and the ships store. Others that helped throughout the day included: **Karl Johns, Walter Wilde, John and Ruth Nugent, Wayne Yankala, Brian and Wendy Sims, Rob and Gayle Ritter, Sue Rechcygl, Mark Walters and Jane Adams.** Other volunteers included: **Jim Lotz, Mike & Kathy Gingrass, Steve and Karin Burleson, John Baas, John Baumann, Brian Kramer, John Nugent, Pete Kowalski, Julie Pedretti, and Dave Buckley,**

A special thank you to **Lee Palmer** for donating nautical items for the ships store.

**KIDS TOY BOAT PAINTING**-A new feature last year was the kids toy boat painting. It was back again this year and as popular as ever. A special thanks to **Frank Petran** for making 150 boats and to **Dale Eckert** for making 50 boats. Thanks to **Nicole Eckert and Sue Kubley** for helping the kids paint their toy boats. Thanks to **Katie and Rick Guindon of The DesignXchange** for sponsoring the event, as well as helping the kids paint their boats during the day.

**BOAT SHOW AWARDS**-A boat show wouldn't be a boat show without recognition and awards. Special thanks to **Jack Schneiberg, David Mahler and Linda Allen** who coordinated the awards.

**REGISTRATIONS/BEAN COUNTER**-**Jack Schneiberg** wore two hats. Not only did he handle pre-registrations, he also was our "Chief Bean Counter". Once again, a very special thank you to **Jack.** No matter where we were in the boat show program, from planning to wrap up, **Jack Schneiberg** was there with the ledgers.

**MUSICAL ENTERTAINMENT**-Again, thank you to **Sue Rechcygl** for arranging the live music of "A Little Bit of Heaven". They continue to be a great addition, adding a special ambiance to the activities.

**ANNOUNCEMENTS**-Thanks to **John Constable, Mr MC** for taking on the announcement duties for the show. A special thank you to **Abby Lorenz** for helping to bring the **Pewaukee Area Arts Council** back to the show for the third year.

**RC airplanes joined the RC model boats**

**SPECIAL THANKS-** "No piers, no show" Again a big thanks go out to **Jeff Spence** of **MOD-U-DOCK** and **Larry Chapman** of **SUMMERSET MARINE** for helping us with the barges. Without their help, this event would not have happened.

**GOVERNMENTAL/ASSOCIATIONS/BUSINESSES/C LUBS-** Thanks for the continued support of **The Village of Pewaukee**, and the **The Pewaukee Park and Recreation Department**. Also a thank you to **The Village of Pewaukee Police Department** and the **merchants** along the lake front for supporting the partial closure of Wisconsin Ave.

Also a special thank you to **Elaine Kroening** and **Kim Korber** and their staff of **Positively Pewaukee** for their support and help with volunteers and running the concessions along with **PAAC**. Thank you to **Jeff Friess** and **The Pewaukee Lake Water Ski Club** for again graciously letting us use their sound system and tie into their newly installed pier system. **The Pewaukee Boy Scout Troup 13** again provided security Friday and Saturday night.

**KIT BOAT PROJECT-** The **Pewaukee Boy Scout Troup 13** participated in the kit boat building program for the first time this year. The **Antique & Classic Boat Society** provides a free kit boat to a qualifying group of youth, giving them an opportunity to work on a project with other youth. IT's intended to be a learning experience and develop their skills.

**POSTER/BOAT SHOW SPONSORS-** We would like to thank the Boat Show Poster Sponsors: **Bottoms Up**, **Norton Boat Works**, **S&R Marine**, **Prudential Absolute Realtors**, **The Northwoods Wooden Boat Shop**, **Michael Rosholt Upholstery**, **Fox River Valley Boat Co.**, **Hagerty Insurance**, **Oneida Boat Works** and **Lange Custom Woodworking**. Also a special thank you to **John Constable** for developing another great poster.

**MISCELLANEOUS THANK YOU'S-** Thank you to **Bob Stoltz** for collaborating the Saturday BBQ at The **PYC**. Everyone loved it. I'm sure we missed some volunteers that snuck in and helped out to make the weekend such a great success. Everyone pulled multiple duties. Also a thank you to **Bob Stoltz** for arranging our planning meetings at the **PYC**.

**ATTITUDE SPORTS-** As you probably know, **Jeff Littmann** of **Attitude Sports**, who sponsored the antique big bikes for the Pewaukee Show for the first time this year was seriously injured while riding his bike and died a few days later on October 5th. This was the first year that he sponsored the antique bikes after buying out **Transition Sports** that was in the same location next to **Brewers II**. He was a very personable friendly guy. Mary and I would see him on Sunday mornings where he would be hauling out bikes for display. He had lots of energy and will be greatly missed in the community.

*Grand & Glorious*

## **The 10th Annual International Boat Show at Lake Geneva, Wisconsin September 21-24, 2011**

You'll enjoy Lake Geneva's sparkling crystalline waters surrounded by gently sloping forests that still retain their pristine natural beauty. You'll experience the historic cultural richness of the area mixed with today's casual, free-flowing life style. You'll delight as brilliant sunshine highlights the vibrant fall colors. And, of course, you'll be thrilled by the incredible boats on display.

Come early for the spectacular Chicago River Cruise. Then visit grand estates, still reminiscent of an earlier time when Lake Geneva's Golden Age evolved and flourished - while being transported aboard historic 19th century yachts. Participate in special events planned for the show. Stay for the post show tour d'lac.

With its superb setting, the renowned Abbey Resort will be the host hotel for the ACBS annual meeting and International Boat show, offering a wide menu of activities and amenities. See for yourself why Lake Geneva is the premier North American vacation destination

## **TACO BELL JUMPS ON BOARD WITH ACBS**

Rich Lepping, franchise owner of 28 Taco Bells in southeast Wisconsin signed an ACBS Platinum Sponsorship for The Geneva Lakes ACBS International meeting and boat show to be held September 21-24, 2011. Also signing the document is John Bergstrom, incoming ACBS President for ACBS. This was John Bergstrom's first order of business as the new ACBS President. Other Annual meeting organizers present were George Plamondon, Blackhawk President and Larry Larkin, Blackhawk Chapter ACBS international event key organizer. As a fund raiser and to cover expenses, ACBS offers sponsorships to businesses that want to be part of an international annual meeting and boat show. The Platinum level is the highest at \$10,000.00. The Geneva ACBS pre-event agenda will be a beneficiary of a portion of these funds. Most sponsors have been classic boat related. Taco Bell is a first to get involved with ACBS as a food vendor. Rich and Beth Lepping live in Madison Wisconsin. They own a 1946 30ft Wilbur Ketcham Picnic Launch "Claribel" and a 1958 Chris Craft 17ft Deluxe Runabout, "Rebound". Rich and Beth have made numerous contributions at the chapter level in recent years. Thank you Rich and Beth for your involvement.

## Glacier Lakes members Denny and Sandy Brucks attended Mecum Auction and purchased two boats *story by Denny Brucks*

We attended the the Warner Collection/Auction that was held October 15-16 in Winsted Minnesota. We spent 3 days looking over the tremendous representation of the most awesome boats we have ever seen. There was an abundance of boats of entry level starting from \$1,000 up to \$300,000 for turnkey pieces of art. The high end boats even at \$300,000 were a deal of a lifetime. In my opinion these boats rendered only half their value in todays market.

We were able to successfully purchase 2 boats. The first being (S 42) 1996 Chris-Chraft/Dewhurst 19 foot special raceboat 1936 replica - Fuse-e. Our second purchase (S116) 1961 Greavette 18 foot fireflash single cockpit runabout.- "Crazy Horse".

In addition to the boats there were several other items of interest. Christ Chraft V8 engines and Allison -Vimalert V12 engines that were absolutely awesome. There were also numerous skids of parts, engines, and accessories. A most sought after item was a shipwrights 1850's immigrant trunk and tools that were in mint condition and brought \$5,000. There was a packed house of bidders (300 or more) and as many onlookers. Everyone was looking for a good buy.

Grevette Boatworks located in Canada, constructed anti submarine vessels to be used by the Canadian Navy. One of the last Greavette models produced was the 18 foot fireflash. A very stylish speedster runabout with aft cockpit and seat forward of her huge 440 engine. Only 3 fire-flash models were built with woodwork fit and finish that is second to none. This boat has been in storage for five years. It now rests in Brookski's Boatshop in Appleton Wisconsin in which she will receive her correct perfected refinish. Hopefully all will go as planned to make her appearance at our ACBS International Convention at Lake Geneva Wisconsin September of 2011. If anyone is interested in more information on the auction, feel free to call me at (920) 428 9007.
