Hi Shipmates,

WELL, WE DID IT! Some had doubts if we could pull it off. Now I'll admit it... at times I had doubts myself. Again, the biggest challenge were the piers. MOD U DOCK and SUMMERSET MARINE came to the rescue. Without their help, this event would not have happened.

One can't thank enough for the support of The Village of Pewaukee, The City of Pewaukee and The City of Pewaukee Park and Recreation Department.

Also a special thank you to the staff of Positively Pewaukee for their tireless support and help with volunteers.

A special thank you to The Pewaukee Lake Water Ski Club for letting us use their sound system and to Pewaukee Boy Scout Troop 13 for providing security Friday and Saturday night.

A special thank you is due to The Wisconsin Department of Natural Resources in helping us through the permitting process.

Lastly and certainly not least, a special thank you to the boat show committee and last minute volunteers for the many hours of planning and work to bring this show to the lake-front for the community's enjoyment.

By the time you get this, The Madison Show will be history and I'll be on my way out to Lake George for the ACBS Annual meeting. These are great venue to attend.

Our own Annual meeting will be at The Oconomowoc Lake Club, Sunday October 7th. Hopefully the weather will cooperate so we can do some boating. We'll have the election of officers and a presentation by Norm and Jim Wangard of Classic Boating. Send in your money and be prepared for a great time. A special thank you to John Baumann for making the arrangements.

ACBS QUARTERLY MEETING Lake Winnepesaukee

by Wil and Mary Vidal

On Sunday, July 22nd, Mary and I started our trek out to an ACBS quarterly meeting at Lake Winnepesaukee in New Hampshire. We pulled Ellie's SEQUEL the 1,200 miles one way. We stayed at the Margate, located on Lake Winnepesaukee in Laconia NH. Our daughter Nicole, son-in-law Ryan and little Ellie, took a flight out and we picked them up in Manchester, NH. The quarterly meeting coincided with the New England Chapter's 34th Annual Boat show in Meredith, NH. There were 68 boats registered for the event.

Lake Winnepesaukee is an absolutely pristine lake. It is almost 21 miles long, with a maximum width of 9 miles. Surface area is 71 sq miles with a maximum depth of 212 feet. There are 288 miles of shoreline. There are 274 islands on the lake. You may want to check out more information about this pristine body of water on Google. It was a great experience, a destination that I always wanted to go to and experience.

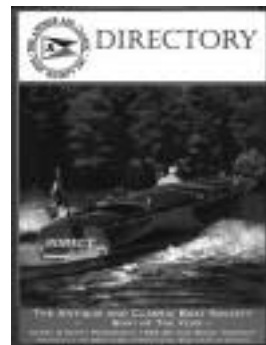

TEN REASONS why you'll want to join THE GLACIER LAKES CHAPTER of The Antique & Classic Boat Society

Reason #1 The magazine you'll put on your coffee table-**RUDDER** magazine-You'll get this quarterly glossy magazine that will keep you updated on the important activities of boat shows in the US and Canada. Features include: Calendar of Events; Chapter News; Boating Safety; The Trading Dock and more.

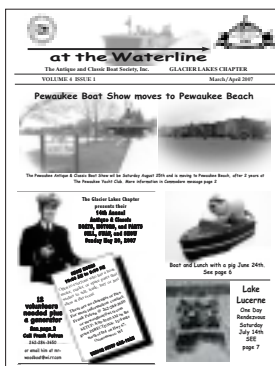

Reason #2 The book worth the price of admission alone. The **DIRECTORY**-Across the US and Canada, you'll have almost 700 pages (1.5" thick) with 8,000 names at your finger tips to share antique & classic boat information and answer questions. Listings are multi cross referenced by boat classifications, alphabetical boat name listings and alphabetical inboard engine listings.

Reason #3

The Glacier Lakes Chapter bi-monthly newsletter "**at the Waterline**" keeps you informed on local events and projects. You are invited to contribute stories about your experiences with your boat-from trips to restorations.
