Dear Glacier Lakes Member

So far we've had a great start for boating events this year. *Manitowish Waters, Minocqua, Cool River Classic* and the *Milwaukee River Cruise* all were a great success! The Minocqua show was held at a new venue this year and the crew did an amazing job! Congratulations to you all, I think the new location will serve us well for many years to come.

We still have a few shows coming up:

*The Door County Classic & Wooden Boat Festival* happening August 5th-7th will have happened by the time you get this newsletter.

*The Pewaukee Lake Rendezvous for August 20th has been cancelled.* There weren't enough reservations to cover the costs.

*Pikes Pine Isle Boat Rendezvous* is still on for August 26th-27th. You can go to the chapter website: [www.glacbs.org](http://www.glacbs.org) and go to the newsletter for April/May/June for more details.

Don't forget about the ACBS show on September 5th-10th on Lake Champlain in Burlington Vermont.

Also keep an eye out for information on our fall meeting. We are working hard to try and plan an event that will cater to the entire chapter. Details to follow soon.

We are looking for a few new board members to help fill up the Chapter board. If you would like to help out the chapter please let me know. We only meet a few times a year and recently have been using Zoom which really opens up the ability for members to be involved who otherwise might not have been able to.

We really need some fresh new minds to help keep moving the chapter forward.

Hope to see you all out on the water this year!

On February 29th, 1929 production began at the Century Boat plant in Manistee, Michigan. The 1929 Traveler Jr. is the only known 15', 48" beam boat to be produced as all boats to follow were 17', 52" beam, both models, the Traveler and the Traveler Jr. Also, the only difference between them is the way they were outfitted.
